- 1.. Time was spent reviewing notes taken from the meetings held with the State, LMC AMC and NIGP chapter conference. We have received positive feedback from all four entities.
2. Final text being recommended to the legislature was reviewed and will be sent to both AMC and LMC.
Discussion centered on sole source text.
In summary the group thought it best to leave the text as is was prepared but to clarify we are not asking for 471.35 or .36 to be deleted but our intention is to clarify .36
3. The cover letter to AMC and LMC was discussed with some changes made with the suggestion made to include all the names of the committee members and their municipality.
4. Those that volunteered to give testimony included
Jill, Jay, Gary, and Don
Others could be contacted to see if they would like to testify, including Linda Camp from the City of St. Paul /Ramsey County, and the State of Minnesota, Kent Allen etc..

Copies of those documents being sent to LMC and AMC will be e-mailed to the entire committee by Don Olson.
